## ABOUT ME

---

I am Mridha Imran Kabir, a dedicated Full-stack Back-End Developer with hands-on experience building complete projects from scratch and contributing features to multiple others at my current company, Phone Tech BD Ltd. My expertise lies in the TALL stack (Tailwind CSS, Alpine.js, Laravel, Livewire), and I also used React. I am seeking a role that allows me to refine my skills further and make meaningful contributions to the tech community.

## EXPERIENCE

---

**Phone Tech BD Ltd** | *Backend Developer* | *Laravel, Livewire, MySQL* Jan. 2024 – Present

- Built and maintained scalable server-side applications using Laravel, integrating Livewire for dynamic front-end interactions and built api for mobile app integrations.
- Optimized system performance by delivering clean, efficient, and maintainable code.
- Collaborated with cross-functional teams to enhance application functionality and user experience.

**Unicorn Software and Solutions** | *Backend Developer* | *Laravel, Python, MySQL* Jun. 2023 – Dec. 2023

- Built server-side applications using Laravel and used Python.
- Collaborated with cross-functional teams to enhance application functionality and user experience.

## PROJECTS

---

**Shifftrek** | *Laravel, Livewire, TailwindCSS, AlpineJS, MySQL*

- Designed and implemented a comprehensive employee management system to handle employee data, attendance, payroll management and built api for mobile app integrations.
- Features: employee profiles, role-based access control, leave management, payroll processing, and reporting dashboard.

**MelanoCoffee** | *Laravel, Livewire, TailwindCSS, AlpineJS, MySQL*

- Developed a restaurant management system handling orders, inventory, and customer interactions, focusing on the backend architecture.
- Features: user authentication, role-based access, real-time order updates, inventory tracking, and responsive UI design.

## SKILLS

---

**Languages:** PHP, JavaScript, Python, HTML/CSS, C

**Libraries and Frameworks:** Laravel, React, Django, TailwindCSS

**Tools:** Git/GitHub, VS Code **Operating Systems:** Windows, Linux

**Problem Solving:** Hackerrank, Leetcode

## EDUCATION

---

**Khulna University** Jan, 2018 - Mar, 2024

*B.Sc. in Computer Science and Engineering*

**Core Courses:** Object-Oriented Programming, Data Structures, Algorithms, Software Engineering, Computer Security, Computer Networks, Artificial Intelligence, Data Mining and Machine Learning
